	<p style="text-align: center;"><u>Women's Rights & Religion</u></p> <p style="text-align: center;"><i>A report on women's rights and Christianity, Islam, and Judaism</i></p> <p>In hopes to discover and highlight the powerful potential that religion and religious leaders have to help guarantee women's rights around the world, this report examines current tensions that exist between women's rights and some interpretations of Christian, Muslim, and Jewish doctrines.</p> <p>This report addresses early, forced and child marriages, female genital mutilation, violence against women, 'honour' killing, public dress codes, and reproductive rights. Through these various facets of women's rights, the report explores the ways in which religious texts, practices, cultural influences, and patriarchal systems influence or motivate violations of these rights.</p>
