# Human Rights and Anti-Corruption: **The Tai Ji Men Case**

## **25-Year Violation of Human Rights and Religious Freedom**

The Tai Ji Men case is one of the longest-standing cases in the history of Taiwan, where injustice was committed by the government of Taiwan against the Tai Ji Men Qigong Academy and its founder, Dr. Hong. We need the help of the United States and all nations who are committed to freedom of expression and human rights to help right this wrong.
